Education

University of Sheffield | BSc Economics with Finance

September 2022 – July 2025

- Achieved Upper Second Class Honours (68). Dissertation (73) focusing on Geopolitical risk and stock returns - utilised VAR, ARIMA, Random Forest, and GARCH in STATA/Python

Altrincham Grammar School for Boys

September 2015 – July 2022

- A-Levels: Mathematics (A), Economics (A) and Geography (A)
- Headmasters' commendation for presentation and communication

Work Experience

Investment Banking, JPMorgan | Remote

July 2024

- Built a DCF model for an M&A target, incorporating competitor bids and supply chain risks to inform investment decisions
- Produced a concise client briefing summarising company performance, auction process, and risk factors for stakeholders
- Strengthened commercial awareness and teamwork through exposure to the end-to-end M&A deal cycle

PwC Audit Intern, Bright Network | Remote

June 2024 – July 2024

- Automated stock count and sales record processes in Python, improving data accuracy by 25% and reducing workload
- Conducted materiality analysis, identifying misstatements affecting ~30% of reported figures, enhancing audit insight
- Collaborated on audit simulations, applying analytical techniques to financial reporting and risk assessment scenarios

Projects

Stock Market Analysis | Python

- Built time series (ARIMA, GARCH) and machine learning (Random Forest) models to forecast equity returns, translating complex data into actionable investment insights
- Designed interactive Jupyter dashboards to visualise results and clearly communicate model outputs to stakeholders

Hargreaves Lansdown DCF | Excel

- Constructed a full DCF model with scenario and sensitivity analysis to assess valuation under different regulations
- Delivered insights on key value drivers and risks, highlighting implications for investment strategy
- Enhanced model robustness through systematic stress-testing of discount rates, growth assumptions, and market scenarios

Leadership

University Men's Football Club Treasurer | Sheffield

April 2024 – June 2025

- Served on a six-member men's football committee overseeing a club of 120 members transitioning the club from a loss-making to a profit-making entity for a society with an annual turnover ~£27k
- Streamlined team allocation for 350 trialists by automating the process in Excel, reducing admin time by ~60%
- Delivered weekly financial reports to the committee, enabling informed budgetary and strategic decisions

Economics and Finance Mentor | Sheffield

July 2024 – June 2025

- Mentored first-year and master's students, improving analytical and research skills through structured guidance
- Provided tailored advice helping mentees apply quantitative methods to coursework and real-world finance

Other Employment

Bowdon Cricket Club | Altrincham

June 2023 - Present

- Promoted from bar staff; trained new staff and liaised with management to optimise customer experience

Mathematics Tutor | Altrincham

September 2020 – September 2023

- Tutored GCSE and A-Level mathematics, with 100% of my GCSE students achieving 7s and above
